English Paper Piecing Hexagon Flowers - Glue Method

Glue Basting Method:

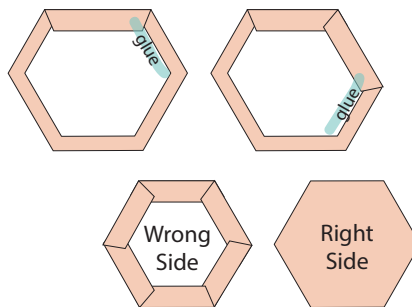

1. Center the hexagon paper piece on the wrong side of one of the 3 1/2" squares. Place one dot of glue to hold the paper lightly to the fabric. Trim the fabric square 1/4" around the hexagon edges.

2. Add a glue line to the edge of (1) hexagon side. Fold one side of the fabric over the hexagon paper piece and firmly hold for a few seconds.

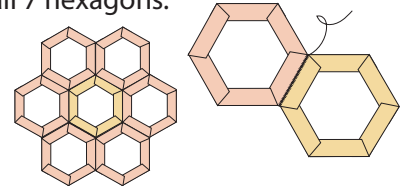

3. Continue to add glue on the edges one at a time. Fold over and glue baste each side until all sides have been glue basted.

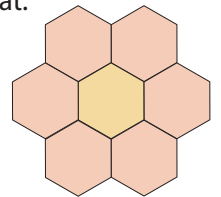

Flower Assembly:

1. Assemble two hexagons together using a whip stitch on the wrong side of the hexagons. Start with the center hexagon. Continue to add hexagons and whip stitch on the wrong side for all 7 hexagons.

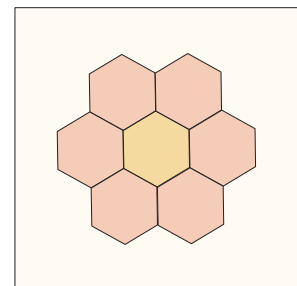

2. After you have assembled all 7 hexagons, carefully remove the papers and press so that the edges are straight and flat.

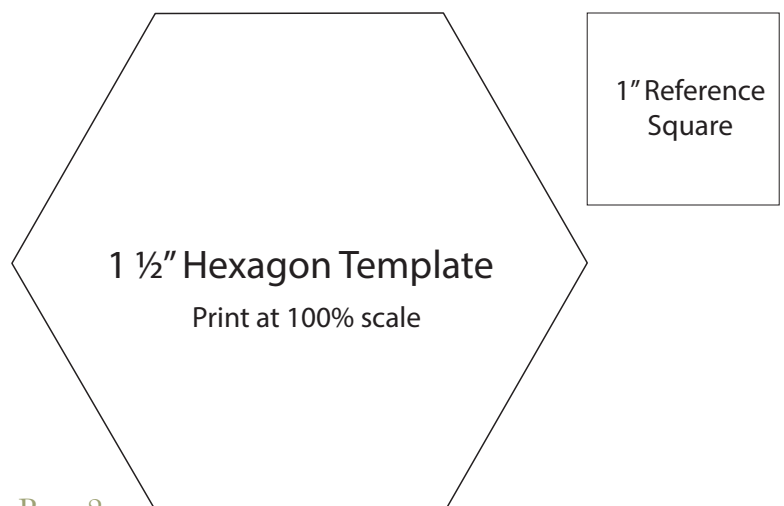

Tip: Use a needle to separate the glue on the paper piece from the fabric when removing the paper pieces.

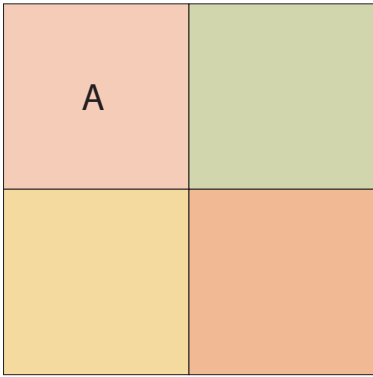

3. Center the hexagon flower on the 9 1/2" square. Applique stitch around the perimeter of the hexagon flower. Pin the hexagon flower to the white square if needed.
